Dear Friend,

On Thursday, December 5th, Regulate Yours will be hosting the 2nd Annual Power Steps Fundraiser in the form of a Fashion Show at Peabody's Black Box Theater! At this event, we will be working with local boutiques, make-up artists, salons and other local vendors to showcase local products and talent that exist right here in the North Shore. Guests at this event will get to enjoy a fashion show put on by their favorite local boutiques, socialize with friends and connect with their community while supporting a program that benefits the youth of this community.

Today we ask that you kindly consider supporting this community event. We have a few sponsorship opportunities highlighted below but first, a little about us and the fundraiser.

At Regulate Yours, we've served youth in the Northshore area for about 2 years now. We are a life coaching duo who found a void in the community that needed to be filled. Power Steps is one of the services we provide and one we are very proud of. The power steps group is designed to help youth transition into adulthood by teaching them self esteem through self exploration and essential life skills for life after high school. Our business and community, work closely with many underprivileged youth and we believe that equal access to quality life skills and direction is important. For that exact reason, we have decided to create an in-house scholarship fund. Throughout the year, we organize a few small fundraisers and 1 large fundraiser to keep the fund alive and active so that we can serve the youth in our community. With that said, 100% of the proceeds raised from the Fundraiser will be applied to our In-House Scholarship Fund so that all youth have access to the program. To learn more about the Power Steps Program please go to www.regulateyours.com/power-steps and click on Program Curriculum for a full breakdown of the 8 week curriculum.

We greatly appreciate your support of the Power Steps Program.

Thank you for your consideration.
